Reliable and cost-effective stretch wrapper

The palletwrapper CST 211 is equipped with a simple pre-stretch system with an electromagnetic brake (maximum stretch percentage 150%). The film wrapper is easy to operate, thanks to the clear and simple button functions.

Replacing the film roll is simple and can be done quickly. By working with pre-stretching you also have a durable, very tight and professionally wrapped pallet.

The extensive adjustment options ensure that you can wrap pallets in any desired way.

Advantages

- Infinitely adjustable turntable speed & film carriage speed
- Magnetic pre-stretch up to 150%
- Adjustable number of bottom and top wraps
- Wrapping speed 12 rpm
- Possibility to save 6 wrapping programs

Options

- Inox version
- Anti corrosion treatment
- Integrated weighing unit
- Ramp
- Bigger turntable
- Extended mast up to 3300 mm
- Cutting unit
- Pressure plate
- Roping (securing load to the pallet)
